

316 Stainless Steel CABLE RAILING Systems

Cable rail is an efficient railing infill that also provides a clear view through the railing. It is an elegant design alternative and is ideal for use on outdoor decks.

MOUNTING OPTIONS

Technical drawing of a mechanical part, likely a bracket or support, showing dimensions in millimeters. The part has a base plate with four mounting holes, a central vertical post, and a top flange. Dimensions include 1.18, 2.35, 0.75, and 0.63.
